FULL BIO

Using her own life experiences as a catalyst, Bestselling Author and Life Recovery Coach Mal Duane is passionately committed to empowering women in releasing the shackles of shame, pain and self-condemnation to live a life of passion and purpose.

Mal's transformational journey, including recovering from alcoholism as a young woman, has provided her with extensive hands-on, in the trenches experience for taking hold of life and bringing forward the potential that lies buried beneath the scars and hurts.

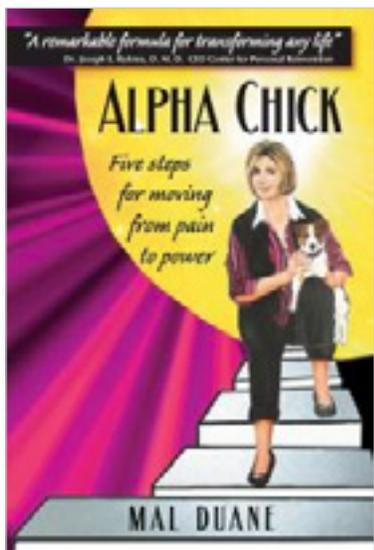

Since her recovery twenty-five years ago, Mal went on to build a multi-million dollar real estate company from scratch, become a Women's Life Recovery Coach and is the bestselling author of *Alpha Chick: Five Steps for Moving from Pain to Power*. Mal is also the host of the transformational [Positive Mental Shift](#) teleseminar series featuring the transformational stories of other visionary women. She has been invited to share her inspirational story and her empowering five step process on over 125 radio shows, has appeared in numerous telesummits as well as being featured on Fox 25 News.

Mal believes that the greatest gift in achieving success is the ability to give back to causes that touch her heart and have the power to transform the lives of women and children. In 2007, Mal financed the Katherine Holly School in Kondjila, West Africa. Today the school educates a hundred children annually that would never have had the opportunity.

One of her most rewarding accomplishments was the recent founding of the nonprofit, [Holly's Gift](#) in memory and tribute to her beloved niece. As a 501(C)3, the mission of Holly's Gift will be to provide Framingham, Massachusetts area women with a marketable skill set, educational Virtual Assistant training and certification so that they can support themselves upon release from a sober living facility.

Mal lives with her husband, Dr. Michael Pearlman (also known as Dr. Delicious) and their English Jack Russell Terrier, Hannah, in Framingham, Massachusetts, where she works, writes, speaks, and supports women in living their truth and reclaiming their lives.

The following is a brief overview of the topics and angles that Mal is available to share as well as customized topics for your specific audience:

Five Steps for Moving from Pain to Power

From the award-winning, bestselling book, *Alpha Chick*, Mal Duane shares her simple, yet powerful five step formula for personal transformation and how her own journey led to the creation of the five steps that she now uses with her clients.

The Life Recovery Formula™ Self-care + Self-worth + Happiness

Mal breaks down the transformational Life Recovery Formula™ and shares how working with the formula's three key ingredients – Self-Care, Self-Worth and Happiness can lead to recovery of joy, inner peace and fulfillment.

Uncovering the Perfection Within

We are all born perfect beings. As life unfolds we pick up stories, untruths and beliefs that are absorbed into our being disconnecting us from the truth of who we are. Mal's "F.A.I.T.H." formula is an affirmative mental approach to establishing a new reality—that as we do the inner work to release the untruths and old beliefs we will discover the perfection that has always been there.

The Power of Choice

How to create new patterns of thinking, to help us awaken our ability to choose in life. Women lose sight that they have the ability to make a choice in situations therefore they stay in situations that are harmful, destructive.

Stepping into Your Truth: Positive Mental Shift

When women do the inner work to identify their negative behaviors and beliefs that have been holding them back and replace those old patterns with new positive thoughts, intentions and action steps they step onto the path of owning and embracing their truth.
